Signed By: rlw9@arl.psu.edu

Pete,

Can you investigate the availability of the next increment of FY19 funding for the AI for Tactical Logistics? Billy sent (b)(4) to start the project and planned to send another \$425K. See below.

I just spoke with Martin and he does not recall the arrangement.

We have (b)(4) remaining and I will run out of funding in early August. If you can find the funding and confirm that it will be added to the project then I can request internal advanced funding to keep us working on the project.

Respectfully,

Bob Walter IV

Bob, Martin will pick up this project at the kickoff as I transition to be the science advisor for 1 Marine Expeditionary Force at Camp Pendleton...

I'll coordinate a joint kickoff, then over to him. I am programming another \$425k this year and the remainder in FY20.

Subject: RE: ONR Contract N00014-19-C-2033: ARL-PSU question about indirect rates

Good Afternoon,

I spoke with our Administrative Officer, and per 2 CFR, the F&A rate at the time of award applies to the contract's entire period of performance. The practice--and what we ensure during invoicing and on the cost reports--is that the F&A rate in effect at the time of award apply to the entire negotiated period of performance. The overhead rates apply per year.

In short, the F&A rate stays the same of the entire contract, but the overhead rate is usually different for each fiscal year of performance.

I do not believe that this is modified within the award.

Subject: [Non-DoD Source] ONR Contract N00014-19-C-2033: ARL-PSU question about indirect rates

Michelle,

Thank you very kindly for offering new Contract N00014-19-C-2033 to us.

We respectfully request clarification of the paragraph "ONR-Predetermined/Fixed Indirect Cost Rate Agreement" on Page 2. The Negotiation Agreements cited in the contract dictate rates for the period 01 July 2018 to 30 June 2019. ONR periodically issues new Negotiation Agreements with current rates, and we expect ONR to issue updated Negotiation Agreements on or around 01 July 2019 to dictate rates applicable to the period 01 July 2019 to 30 June 2020.

Would the contract need to be modified when ONR issues new Negotiation Agreements? Or would ONR accept The University's use of rates in the most current Negotiation Agreements even if those Agreements are not explicitly cited in the contract?
